

Eighth Annual IAEP Golf Classic!

Friday, September 7, 2012

White Deer Run Golf Club 250 West Gregg's Parkway, Vernon Hills, IL

The Illinois Association of Environmental Professionals (IAEP) requests your attendance for this special event! The golf fundraiser proceeds benefit the new IAEP Environmental Student Research Grant Program (formerly known as the Student Scholarship Program). We are now awarding grants to students conducting environmental research. This fundraiser provides the perfect forum through which you can support the environmental research of deserving students, while being able to network and communicate your company's message to leaders in the business and educational communities. Over the past seven years we have provided scholarships/grant monies to many students. Help us continue this amazing effort.
